INTERNAL KNOWLEDGE REPOSITORY & MEMO

NEXUS INFOSEC ARCHIVE • SECURITY BULLETIN

FROM: Chief Information Security Officer (ciso@nexus-enterprise.com)

TO: All Hands Staff (all-staff@nexus-enterprise.com)

DATE: February 02, 2026, 09:14 AM EST

SUBJECT: **URGENT: Mandatory MFA Token Migration Protocol**

1. OVERVIEW OF SECURITY MIGRATION

Beginning Monday, February 16, 2026, Nexus IT will deprecate legacy SMS-based Multi-Factor Authentication (MFA) in favor of hardware FIDO2 security keys and enterprise Okta Verify push notifications.

2. ACTION REQUIRED BY ALL EMPLOYEES

1. Open the internal IT portal: `https://identity.nexus-internal.net/setup`.
2. Pair your assigned corporate YubiKey or mobile Okta application.
3. Complete identity verification prior to the hard deadline of **February 15, 2026, at 11:59 PM EST**.

3. TECHNICAL SUPPORT & HELPDESK ACCESS

If you encounter enrollment errors, submit an urgent ticket to the IT Service Desk or join the dedicated Slack channel `#mfa-migration-support`.
